

Gauri Makker

Bhopal, India | +91 7505503648 | gaurimakker2006@gmail.com | linkedin.com/in/gauri-makker | github.com/makkerghauri

EDUCATION

Vellore Institute of Technology (VIT) Bhopal

B.Tech in Computer Science and Engineering; CGPA: 8.44/10

Bhopal, India

Aug 2023 – May 2027

EXPERIENCE

Neuronafence

Feb 2025 – Jul 2025

AI Engineer Intern

- Built a retrieval-augmented generation (RAG) chatbot over 10,000+ internal company documents using Python, LangChain and Hugging Face Transformers.
- Designed the document ingestion pipeline (parsing, chunking, embedding) so the knowledge base could be updated without retraining.

Caliche Global

May 2024 – Jul 2024

Software Development & ML Intern

- Built REST APIs in Flask for a farm management system, including an ML model that provides soil-health insights.
- Wrote SDLC documentation and worked in Agile sprints with the client team.

PROJECTS

Landslide Susceptibility Mapping, Rudraprayag

github.com/makkerghauri/uttarakhand-landslide-risk

Python, Google Earth Engine, scikit-learn, Sentinel-2, SRTM, NASA GPM IMERG

- Built my own landslide inventory: flagged 330 candidate scars from Sentinel-2 and SRTM data, then manually reviewed 300 on high-resolution imagery, confirming 38 landslides.
- Found a naive random forest (AUC 0.85) was mostly learning location (coordinates-only model: 0.83); redesigned sampling to compare landslides with stable slopes in the same valley, reporting results over 20 random draws.
- Final map averages 20 models: 87% of held-out landslides fell in High/Very High classes vs. 49% of nearby stable slopes. Published as an interactive web map.

CommBot: Disaster Alerts by SMS

github.com/makkerghauri/commbot

Python, LLMs, CAP/NDMA SACHET, pytest, Android SMS gateway

- Ingests official CAP warnings (NDMA SACHET, IMD) and delivers them as Hindi or English SMS, so people with basic phones and no internet still receive warnings.
- Restricted the LLM to fixed labels and text copied from the source alert; any fact not in the original is discarded, enforced by tests (38 total).
- Delivered a live rainfall warning to a phone in Hindi, fitting messages within the 70-character Hindi SMS limit.

PlayVision: Football Analytics with Computer Vision

github.com/makkerghauri/football_player_stats_tracker

Python, PyTorch, YOLOv8, ByteTrack, SigLIP, OpenCV

- Team project: detected players, referees and the ball with YOLOv8 and tracked identities across frames with ByteTrack.
- Identified teams without manual labels by clustering SigLIP embeddings of player crops (UMAP); mapped positions to a top-down pitch via a keypoint model and perspective transform.

LawBot: RAG-based Legal Assistant

github.com/makkerghauri/lawbot

Python, LangChain, FAISS, Ollama, Groq, Streamlit

- Team project: built a question-answering assistant that answers only from uploaded legal PDFs, with prompts designed to refuse answers not grounded in the documents.

TECHNICAL SKILLS

Languages: Python, Java, C++, JavaScript, TypeScript, SQL

ML & AI: PyTorch, TensorFlow, scikit-learn, OpenCV, YOLOv8, MediaPipe, Hugging Face Transformers, LangChain, FAISS, Ollama, NumPy, Pandas

Data & Backend: Flask, REST APIs, Streamlit, MySQL, Google Earth Engine

Tools: Git, GitHub, Linux, CMake, Jupyter Notebook, VS Code

Certifications: NPTEL Marketing Analytics (IIT Kharagpur, Elite, 92%); NPTEL Introduction to Machine Learning (IIT Madras); HackerRank Problem Solving (Intermediate)

LEADERSHIP & AWARDS

Notion Community Club, VIT Bhopal

Jan 2024 – Mar 2026

President (Jul 2025 – Mar 2026); earlier Operations Manager and Creative Team Lead

Bhopal

- Led a 130+ member club; organized 10+ workshops and 2 hackathons with 300+ total participants.

Institution's Innovation Council (IIC), VIT Bhopal

Apr 2025 – Sep 2026

Student Internship Coordinator

Bhopal

- Coordinated student participation in Ministry of Education innovation programs: startup ideation contests, IPR sessions and industry mentorship.

INSPIRE-MANAK National Level Exhibition and Project Competition (NLEPC)

2019

Government of India; advanced through the district and state rounds to the national exhibition
